James Gregus, Drummer at Pro Drummer, April 12, 2010, James worked with David but at different companies. • "I've only known David for a fairly short time, (approximately 6 months or so), but in that time, I've performed/"jammed" with him several times and I've always been very impressed with his great Musical ability on the harmonica (and singing ability, that I just discovered very recently), his Professionalism, his friendly, outgoing, personable attitude and his willingness to let other people know about my skills as a Professional Pianist/Keyboardist as well and introduce me to others in the Music business/encourage me to check out "Open Jams"/"Gigs", etc. I haven't worked with him in any capacity in relation to him being a Manager and/or Booking Agent/Music Promoter and I didn't even realize until I received this e-mail and request for a recommendation, that he HAD any of these other skills, so, I can't rate or recommend him on being a Manager or Booking Agent, personally, but just based on what I've seen and heard, I know he'd

make an OUTSTANDING Manager, Booking Agent, etc., due to his very pleasant attitude, strong Musical skills, helpfulness and willingness to assist others in the Music Business, such as myself and patience and advice, in general! I have heard others referred to Dave as the hardest working musician in Milwaukee. I agree. 3 years ago, after a 15-year hiatus from playing drums, I wanted to get back to playing. I had heard David was holding open jams at different venues in Milwaukee. As with all musicians that would show up to play, David encouraged me to play and keep coming back. 3 years later with his encouragement and suggestions, I have my own band. I have learned so much from David and will be forever grateful. Probably the biggest

and most important lesson I have learned is the importance of giving back. My band hosts open jams with the focus of supplying a venue for musicians to come share their craft or maybe just get them back out there. Thank you, David, for your encouragement, mentorship and above all, FRIENDSHIP!"
